ASX Announcement

September 20, 2017

Synertec Corporation Limited (ASX: SOP) announces the establishment of a Perth office

The Board is pleased to announce Synertec Pty Ltd has signed a lease for office space within the Perth CBD and will be opening a permanent office to focus on the opportunities in Western Australia.

This initiative will assist Synertec's ongoing growth strategy that involves targeting industry segments in Australia and internationally that have:

- a requirement for complex engineering services;
- large companies with complex manufacturing or production facilities;
- significant revenue opportunities;
- high barriers to entry; and
- participants that seek long term-term relationships with engineering firms.

In commenting on this initiative, Synertec's Managing Director, Mr. Michael Carroll, said "Western Australia is home to some of the largest Oil and Gas operations in the world, including Gorgon LNG, Wheatstone LNG and the North-West Shelf, just to name three. We are confident that by establishing a permanent office in Perth we will be able to respond better to our client's needs, further strengthening our relationships and in-turn providing more opportunities precisely within our strategic 'sweet spot'. We are keen to get on with the job and grow this office".

Ends.
